of tumultuous demonstration. Again the vast assembly was swept by wave on wave of wild, exultant clamor as the multitude, realizing that at last the work was done and the record made up on which the Republican party goes before the country, united in one last mighty outburst of enthusiastic tribute to the men who will bear forward the standard in the struggle now at hand.

Another inspiring picture was presented today as the convention named its candidate for vice president. The enormous throngs had waited through an hour of oratory, sweltering in the heat-laden atmosphere, packed as before into solid masses of humanity, with only here and there a few vacant spots in the remote gallery—the delegates in the broad arena below, the bright-hued lines of femininity in the

REPUBLICAN CAMPAIGN MANAGER WILL BE NAMED.

SEVERAL ARE IN THE RACE

WAR SECRETARY IS EMBARRASSED BY FRIENDS.

SUBCOMMITTEE IS APPOINTED

Selection Will Be Made Today After Conference With Taft at Cincinnati—Hitchcock or Vorys Will Probably Be Chosen, It Is Believed.

CHICAGO, June 19.—Eight members of the Republican committee left Chicago tonight for Cincinnati to confer with Secretary Taft concerning the election of a national chairman to manage the Republican campaign. The subcommittee was appointed at the suggestion of Secretary Taft, who is said to be somewhat embarrassed by appeals from his friends in Ohio for the appointment of Arthur I. Vorys or of Myron T. Herrick of that state, and by the demand made in a petition by a majority of members of the national committee for the appointment of Frank H. Hitchcock. The latter because of his success in the Taft campaign for delegates is being strongly pushed by his friends, while those who are possibly attached to Mr. Vorys have announced that they intend to make efforts in his behalf.

Congressman James S. Sherman of New York, who was today nominated for vice president, accompanied the subcommittee to Cincinnati.

The men who will confer with Secretary Taft on the chairmanship are Powell Clayton, Arkansas; Myron T. Herrick, Ohio; Frank B. Kellogg, Minnesota; Charles Nagle, Missouri; E. E. Hart, Iowa; Senator W. E. Borah, Idaho; E. C. Duncan, North Carolina, and Frank O. Lowden, Illinois.

The subcommittee was selected when the new national committee met for organization immediately after adjournment of the convention.

Hitchcock or Vorys.

Friends of Hitchcock insist that more than half of the eight members will vote to elect him chairman, while the advocates of Vorys say that five members favor the election of the latter, or of some man other than Hitchcock. It is conceded, however, that the chairmanship depends absolutely upon the wishes of Mr. Taft, who has not publicly expressed any preference. Nevertheless he has indicated that the question is one of practical politics, and that no selection will be made for sentimental reasons.

Keen interest in the selection of a political manager for Secretary Taft is taken by Charles P. Taft of Ohio and Henry W. Taft of New York, brothers of the Republican nominee. In view of the fact that Mr. Hitchcock and Mr. Vorys both have strong followers, an effort was made today by Charles P. Taft to have both withdraw from the race. The suggestion that

WAR SECRETARY SOON TO MEET WITH COMMITTEE.

Makes Speech En Route at Cumberland, Md.—Busy on Wedding Anniversary.

WASHINGTON, June 19.—Secretary Taft left here at 4:05 this afternoon for Cincinnati where he will meet with Representative Sherman of New York, his running mate on the Republican national ticket. He traveled over the Baltimore & Ohio railroad and will reach Cincinnati tomorrow morning.

The secretary and party traveled in a Pullman attached to the St. Louis express. Mr. Taft occupied a drawing room. With him were James T. Williams, Jr., of the Taft political headquarters in this city, and representatives of the press associations. Secretary Taft arrived at the Union station a few minutes before the time for leaving, and as he fanned himself vigorously with his straw hat, he remarked to the newspaper men that today was the twenty-second anniversary of his wedding.

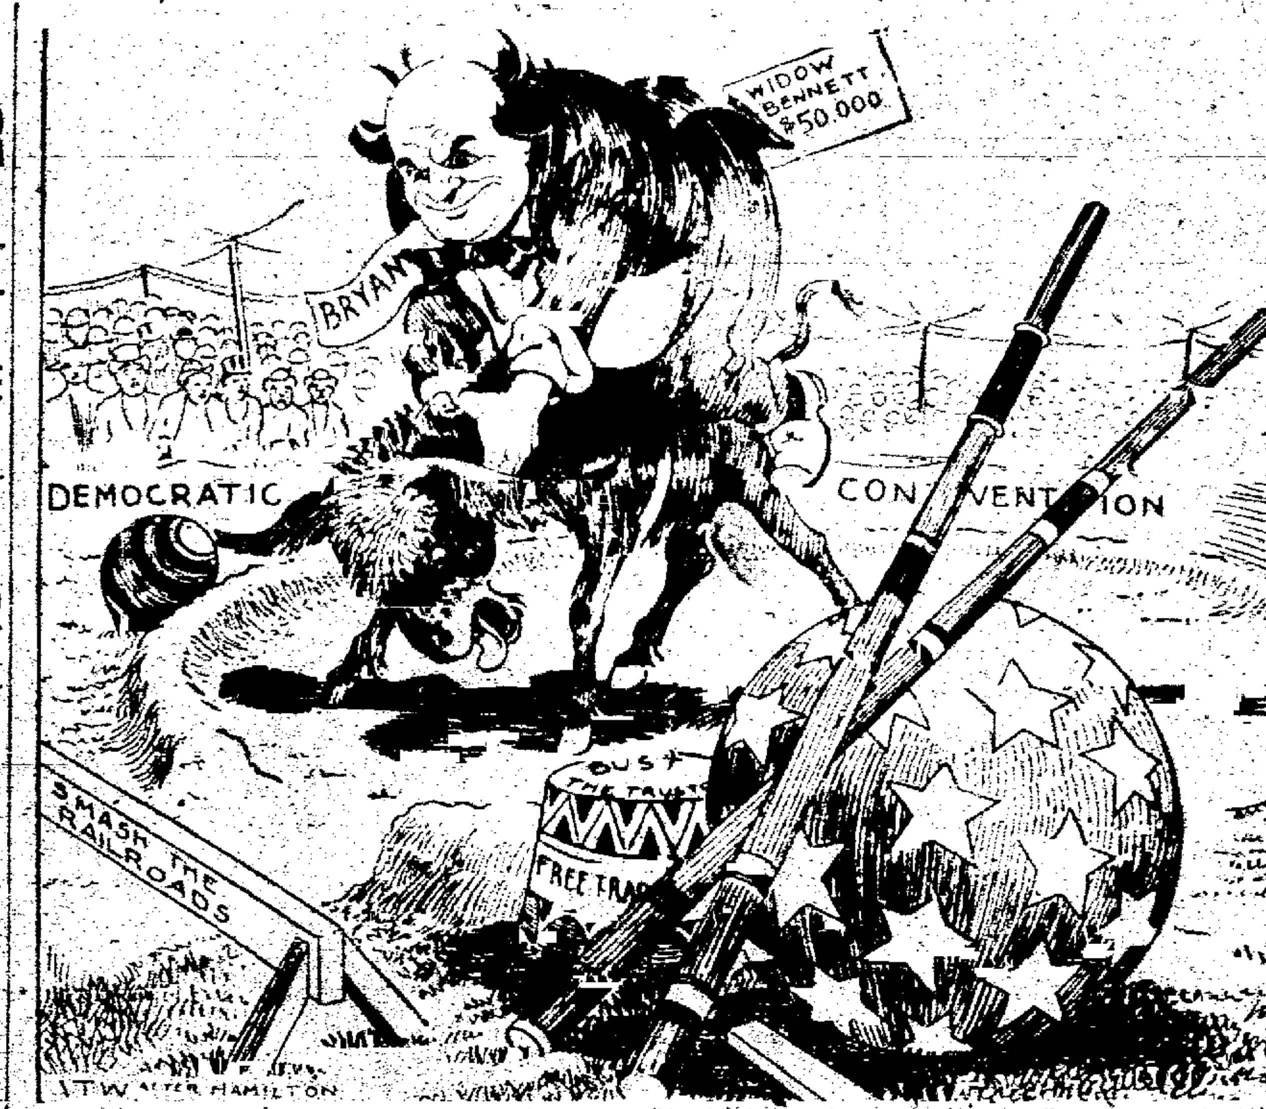

Secretary Taft was kept on the move from the time he returned to the war department after the cabinet meeting at 1:30 o'clock until the hour of his departure. Many departmental matters occupied his attention. There was a meeting of a special commission to determine whether certain lands in the district are being occupied by any corporation without authority of law. Secretary Taft and Attorney General Bonaparte are members of this commission. Today's work, however, was devoted largely to organization. Later Mr. Taft spent some time with his family.

At Cincinnati Secretary Taft will go to the home of his brother, Charles P. Taft, where he will make his headquarters while in Cincinnati. The secretary sold his home in Cincinnati some time ago.

TAFT CONGRATULATED

MORE THAN A THOUSAND MESSAGES RECEIVED.

Senator Foraker, Among Others, Sends Best Wishes War Secretary Earnest in Reply.

WASHINGTON, June 19.—The following correspondence, dated today, between Secretary Taft and Senator Foraker, following the nomination at Chicago, was made public at the war department today:

"Dear Mr. Secretary: Although I fear it may be unwelcome and probably misunderstood, it is nevertheless my pleasure to avail myself of my privilege to send you heartiest congratulations and best wishes for success in November. Very truly,

"J. B. FORAKER."

Secretary Taft's response follows:

"My Dear Senator: I assure you that your kindly note of congratulation gave me the greatest pleasure, and I thank you for it from the bottom of my heart. I have never ceased to remember that I owe to you my first substantial start in public life, and that it came without solicitation. With very best wishes, believe me, my dear senator, sincerely yours,

"WILLIAM H. TAFT."

Secretary Taft today dictated telegraphic replies to various dispatches of congratulations sent to him, in addition to his letter to Senator Foraker.

More than a thousand messages of congratulation from all parts of the world have come to the secretary since his nomination. Among those today was one from Representative Sherman, his running mate on the ticket.

"Banzai" was the terse message from Lafayette Young of Iowa.

"You will have back of you," telegraphed former Secretary of the Treasury Leslie M. Shaw at New York, "a united party and a loyal, trustful people."

"Shall work and vote for you with unalloyed pleasure," promised Seth Low of New York.

"The far east is happy," declared Bishop Harlea, speaking for Japan, at New York.

"Sincere congratulations," came from Ambassador O'Brien at Tokio, and "Congratulations and best wishes" from Bishop Hendrick of Cebu, at New York.

PANAMA, June 19.—News of the nomination of Secretary Taft was welcomed by the people of Panama, who respect him highly. Senor Domingo De Obaldia, former Panaman minister to the United States, and now candidate for the presidential nomination in this republic, and a number of his friends, today wired their congratulations to Secretary Taft.

MURDER IN FIRST DEGREE

Mrs. Mary Farmer, Charged With Killing Mrs. Brennan at Watertown, N. Y., Found Guilty.

WATERTOWN, N. Y., June 19.—Guilty of murder in the first degree was the verdict of the jury today in the case of Mrs. Mary Farmer, charged with the killing of Mrs. Sarah Brennan. The jury was out three hours. Justice Rogers sentenced Mrs. Farmer to be electrocuted at Auburn prison during the week beginning August 2.

The crime for which Mrs. Farmer, who is 29 years of age, was convicted was most fiendish. Her victim, Mrs. Brennan, who was 52 years of age, was her neighbor and intimate friend, and the motive was to gain possession of the Brennan home, a deed of which Mrs. Farmer had forged in October. The crime was committed April 23. Mrs. Brennan was hacked to pieces with a hatchet and her body stuffed into a trunk.

OFF FOR OYSTER BAY TODAY

President Roosevelt and Family Leave White House. Root Also Begins Vacation.

WASHINGTON, June 19.—All preparations have been made for the President's departure for Oyster Bay tomorrow morning. He will go on a special train, accompanied by Mrs. Roosevelt and other members of his family, and will reach Oyster Bay about 5:25 o'clock. Secretary and Mrs. Loeb and officials and employes of the White House to the number of about 30, will accompany the President.

Secretary Root will leave on the same train with the President for his summer home at Clinton, N. Y., where he expects to spend the greater part of the season. Mr. Root will attend the commencement exercises at Hamilton college. After a stay of about 10 days at his home, he will enter a physical training institution at White Plains for a short time. He will make one or more speeches during the political campaign.

OVERLAND MEET IS OFF

DENVER JUDGE HOLDS RACE BETTING IS GAMBLING.

Promoters Abandon Meet Until Supreme Court Can Pass on Question, Tuesday.

DENVER, June 19.—The directors of the Interstate Fair association have called off the race meet at Overland until the question of legality of betting has been passed on by the supreme court. There were no races today.

This action followed an opinion by Judge Bliss, holding that betting on horse races is gambling within the meaning of the Colorado statutes.

The decision will not become effective until next Tuesday. In the meantime an appeal to the supreme court is being made.

Judge Bliss also held that justices of the peace have authority to issue warrants for arrests under the gambling laws.

It is believed that a ruling of the supreme court can be obtained tomorrow. By Monday at the latest the fate of racing and bookmaking for this season will be determined.

Unless the supreme court grants an order restraining the arrest of bookmakers until that court can pass on the merits of the law at a later time, the race meeting will be declared off permanently.

There is a chance that racing can be resumed on Monday under the protection of a restraining order from the supreme court.

Crowds were at Overland this afternoon, but no admission was charged. Horsemen are talking of giving a meet tomorrow, while waiting for the courts to act.

The decision of Judge Bliss is not final, but will be reviewed by the supreme court of the state, and not until that court hands down its decision, which will be several months, will the law against gambling be finally interpreted.

In his decision this morning Judge Bliss decided three points:

First—That the antigambling laws of Colorado include gambling or racing and that betting on horse races or maintaining an institution for such betting, is a crime under our laws.

Second—That justices of the peace have authority to issue warrants for arrest under this law and to bind over to the district court the defendants arrested under them.

Third—That justices of the peace have no authority to try these cases on their merits.

The legal effect of these decisions is to again permit the justice courts to issue warrants for the arrest of [illegible] [illegible]

PAPER MAKERS GUILTY

VIOLATED SHERMAN ANTI-TRUST LAW.

Representative of Manufacturers of Wrapping Paper Pleaded Guilty to Charge.

NEW YORK, June 19.—Sentence will be imposed by Justice Hough of the United States circuit court Monday upon 23 companies manufacturing wrapping paper for violation of the Sherman antitrust act by forming an illegal combination in restraint of trade. The companies composed almost the entire membership of the Fiber and Manila association.

The federal grand jury began an investigation of the combination two months ago. Today the jury returned indictments again 25 of the companies composing the association and against John H. Parks, who organized the association in 1906.

Solomon M. Stroock, counsel for the association, appeared in court and pleaded guilty for all companies except the Allen Brothers company, which has the mills at Sandy Hill, N. Y., and the Petoskey Fiber Paper company of Petoskey, Mich., both of which concerns are named in the indictments, but are not represented by Mr. Stroock. Mr. Parks, who was secretary of the Fiber and Manila association, is in Europe.

After the pleas of guilty had been recorded, United States Attorney Stimson asked Judge Hough to impose sentence. He said that in view of the fact that the defendant companies had pleaded guilty and saved the government the expense of a lengthy prosecution, and as the illegal combination of which they had been members had been dissolved, he was willing that light fines be imposed.

Mr. Stroock, replying, said that the wrapping paper manufacturers were forced 20 years ago to combine to prevent themselves from going into bankruptcy because of the methods of the agents of consumers, who, so as to cut prices, for a time favored one group of mills to the detriment of another. He said also that when the paper companies learned that the association they had formed came within the provisions of the Sherman antitrust law, it was dissolved as it was not organized to violate the laws, but to keep the mills, which were earning but 6 per cent, on a living basis.

Judge Hough adjourned the proceedings until Monday when he will impose sentence.

SWEEPING REDUCTIONS MADE

RULINGS ON FOREST PRODUCTS GROUPED.

SEVERAL CASES ARE DECIDED

Suits Filed Against Railroad Companies of Northwest Settled—Contention of Lumbermen Is Upheld in the Main. Colorado Unaffected.

WASHINGTON, June 19.—Sweeping reductions in lumber rates west of the Missouri river and 5 per cent reduction in the advanced rates in the east, as well at other changes in the tariff, are ordered under a decision announced by the interstate commerce commission, today.

The rulings are made in a group of rules regarding rates on lumber, barrels and other forest products from all points on the Willamette river, San Francisco, Washington, Idaho, Oregon, Montana, Washington and British Columbia to eastern and southern markets.

In the cases of Oregon and Washington Lumber Manufacturers association against the Union Pacific and other roads, Pacific Coast Lumber Manufacturers associations and others against the Northern Pacific and others, and the Southwestern Lumber Manufacturers association against the Northern Pacific, involving a general advance in lumber rates, in many cases 20 and 25 per cent, from north Pacific coast territory to points east thereof, which became effective November last, the commission makes a geographic decision in its action.

Rates Unreasonable.

On the ground of unreasonableness, it orders restoration of the previous rates west of a line drawn from Pembina, N. D., through Grand Forks, Council Bluffs, Kansas City and Sioux City, to Port Arthur, Texas, along the Kansas City Southern railway and including all points east of that line which now take the same rates as any point between and including Sioux City and Kansas City.

A part of the increase to the more distant markets lying east of the Missouri river is permitted to stand.

Differential rates from Spokane rate group points, Montana, Oregon rates group points, and Hood river, Ellensburg and Leavenworth districts, which lie east of the Cascade mountains, embracing parts of Washington and Oregon, and all of Idaho, in eastern territory, are established under a decision in the case of the Potlach Lumber company and others against the Northern Pacific and others roads. Rates from the Spokane district are ordered lower than from the Pacific coast and the commission directs that the uniform differentials under the coast rates that

Special to The Gazette.

PEORIA, Ill., June 19.—Without a dissenting voice the resolution providing for the establishment of a great sanitarium near Colorado Springs was carried late this afternoon by the head camp, Modern Woodmen of America, now in session in this city. The action ratifies the steps already taken by the executive council of the order last winter, and carries with it a plan for financing the project, including an annual sum for maintenance.

The resolution further instructs the executive council to proceed with all diligence in preparing the sanitarium for the reception of invalid members of the order. It also provides that the executive council shall be empowered to collect more funds, if needed, and allows a levy on each member in good standing at the first of each year not to exceed 10 cents per annum for the maintenance of the home.

Other action taken today was to increase the salaries of the head officers. Head Consul Talbot will in the future receive $10,000 per year instead of $5,000. Other salaries were increased from 25 to 50 per cent.

LUKE E. WRIGHT SUCCEEDS TAFT

TENNESSEEAN IS APPOINTED SECRETARY OF WAR.

CHANGE TO BE MADE JUNE 30

ROOSEVELT FORGETS MASON AND DIXON LINE.

POSSESSES SPECIAL FITNESS

New Secretary of War, Because of Unusual Training, Should Fill Position Admirably—Has Already Won Affection and Regard of the Army.

WASHINGTON, June 19.—Secretary Taft today presented to the President his resignation, to take effect June 30 and it was announced at the White House that Luke E. Wright of Tennessee will be appointed secretary of war to succeed Mr. Taft. In making this appointment, the President was influenced somewhat by the desire to recognize in an emphatic way that there is no longer any dividing line between the north and the south and that all Americans are in thought and deed one, and the President was influenced still more by the fact that Governor Wright's personal influence and ability pre-eminently fit him for this position.

The correspondence between the President and Secretary Taft relating to the latter's resignation is very brief. Secretary Taft simply said in his resignation:

"I hereby tender my resignation as secretary of war, to take effect June 30 next."

The President in his reply said:

"Your resignation is hereby accepted, to take effect June 30."

Holds Taft in High Esteem.

The resignation was dated yesterday and the acceptance today. It was stated at the White House that as the President so recently as yesterday had given out a formal statement concerning his high esteem for Secretary Taft, it was not necessary to repeat what was then said.

The statement given out at the White House concerning Mr. Wright's appointment says:

"As Philippine commissioner and later as vice governor and governor, he won the affection and regard of the army to a high degree, and many of the most distinguished of the men who served in the army at the time he was in the Philippines have urged his appointment because they felt that in a peculiar way he was their champion and in a peculiar way understood them and their needs. This is especially true as regards the men who were Union veterans of the Civil war, for they grew to feel that he was always especially interested in their welfare.

Wright Well Qualified.

Moreover, his great administrative ability peculiarly fits him to deal with the problems in the Philippines, Panama and Cuba; for the work of the war department is now such that only a man with special fitness and unusual training is able to do justice to it. Of all the men in the country, the President feels that Mr. Wright is the man best fitted to take up the work of the department, which for the last seven

ON WAY TO CINCINNATI

(Continued From Page One.)

Taft was at dinner, but he was quickly conducted to the rear platform, and in the presence of a large crowd. There was also a band and four elephants. One of the latter vainly tried to present a bouquet to the presidential nominee.

Mr. Taft, in a brief speech, expressed surprise at the gathering and his gratitude "for the solid vote of West Virginia" in the convention.

Some one in the crowd said, "Not West Virginia, Maryland, My Maryland." Mr. Taft laughingly corrected his mistake and shook hands with all who could reach him.

CINCINNATI, Ohio, June 19.—The train of which Secretary Taft is coming to his home town from the national convention is due here at 8:05 tomorrow morning, 40 minutes later than the train from Chicago on which his brother, Charles P. Taft, and others will come from the national Republican convention. Charles P. Taft will probably remain at the station until the arrival of his brother and then escort the latter to his home, where they will breakfast. Later in the day the subcommittee from the national committee that is to confer with him over the campaign and its managers, will meet with the secretary and various matters of importance to the coming campaign will be discussed.

No formal welcome home for the secretary has been prepared and such greeting as will be given when his train arrives will be of an informal sort. It is understood that later in the summer local Democrats will give him a reception, intending it to be entirely free from political feeling, and as a simple expression of their personal friendliness for a prominent son of Cincinnati.

this course be taken, when made to Mr. Hitchcock, caused him to state that he had at no time been a candidate for the chairmanship, and that he would not embarrass the secretary by asking for the place. Mr. Torry would make no statement, however, leaving his interest entirely with his friends. Mr. Hitchcock, in his reply to Charles P. Taft, said that while he would not ask for the chairmanship, he would not consent to accept a subordinate selection. He said that he had been invited to participate in the pre-convention campaign and had served to the best of his ability, but that his work was over unless the nominee desired that he continue in a capacity that would be congenial.

Taft May Indicate Preference.

That the subcommittee is empowered to select a chairman and a treasurer was asserted by Myron T. Herrick after the adjournment of the subcommittee. All the members of the committee, however, do not understand the authority given them in the same manner as Mr. Herrick. It is the belief of these that the committee has the authority to elect in the event that Secretary Taft declares whom he favors. Any choice the secretary may express will be accepted. That he will indicate preferences for chairman and treasurer is not doubted, but it is likely that a meeting of the full committee be called to fill these positions in the event that Mr. Taft does not express a preference.

The secretaryship and the position of sergeant-at-arms were settled by the election of Elmer Dover of Ohio and William F. Stone of Maryland to succeed themselves as secretary and sergeant-at-arms respectively. General Powell Clayton of Arkansas was chosen to act as chairman until a permanent official is named.

The motion to create the subcommittee was made by Myron T. Herrick of Ohio, and included the names of the committee as appointed, with the exception that Mr. Ward of New York was in the place of Mr. Hart of Iowa.

The motion carried in the original form, but later Mr. Ward was compelled to return at once to New York and Mr. Hart's name was substituted. An effort was made by Senator Scott of West Virginia to have the committee enlarged to 11 members, but it was defeated.

Conferences Held Today.

It was decided that the committee should start for Cincinnati late tonight and the conference with Secretary Taft is to be held tomorrow morning, the secretary having left Washington today.

Before the subcommittee a score of the members of the national committee who are insistent that Mr. Hitchcock shall be appointed, met in an adjoining room. They drew a petition addressed to Secretary Taft asking for the selection of Mr. Hitchcock, which will be delivered to the secretary tomorrow by a members of the subcommittee. Twenty-four signatures were secured in the meeting, and it was then circulated among other members who had been absent. Before the meeting of the subcommittee was held a majority of the national committee, it is asserted, had signed the petition, and the signatures did not include any members of the subcommittee appointed to confer with the secretary. This petition is intended by the friends of Mr. Hitchcock to augment the influence of individual letters mailed to the secretary several days ago.

FRANK SMALE INJURED

Superintendent Portland Company Struck by Falling Rock.

Special to The Gazette.

VICTOR, June 19.—Frank Smale, superintendent of the Portland Gold Mining company, was caught by falling rock in No. 3 Captain stope, today, and suffered serious injury. One rib on the left side was fractured and the right ankle was sprained and wrenched. His shoulders and body were badly bruised. He was brought to the Emergency hospital, where he is resting easy tonight.

BUTTE, Mont., June 19.—Louis Ferris was tonight acquitted of the charge of murder in connection with the alleged dynamiting of the Overland Burlington train near this city, May 1 last, the jury deliberating scarcely an hour.

LUMBER RATES ARE LOWERED

(Continued From Page One.)

were in effect prior to last November, exist prevail.

In the case of the Western Oregon Lumber association against the Southern Pacific company, the commission decides that the advance of $3 per ton from all mills in the Willamette valley, not including Portland, is unjust and unreasonable, that from both the east and west banks south of Corvallis the rate should not exceed $4.40 per ton, and upon the west bank, north of Corvallis, $3.65 per ton.

No New Rate to Colorado.

Because of the water rate, the Portland rate is not reduced in the case of the Pacific Manufacturing association against the Northern Pacific and other roads, and the commission declines to establish another through route from Washington to Colorado common points and eastern destinations. It requires, however, the Northern Pacific railway, the Northern Pacific Terminal company of Oregon, the Oregon Railroad and Navigation company, the Oregon Short Line and the Union Pacific to establish through rates for lumber from the Northern Pacific line in Washington, north of Portland as far as Seattle, through Portland to Ogden and Salt Lake City and Utah common points, and a 40-cent-per-hundredweight rate on fir and spruce lumber, and 50 cents per hundredweight on cedar lumber and shingles prescribed for through traffic.

Chairman Knapp and Commissioner Harlan dissented from the conclusions reached by the majority in these cases on the ground that most of the advance in rates was reasonable.

Contention Ends.

PORTLAND, Ore., June 19.—The decision of the interstate commerce commission, upholding, in the main, the case of the lumbermen of the Pacific northwest, ends the contention which for the past eight months has tied up the lumber industry of this section of the country.

At the time the lumber mills shut down, rather than submit to the advance, several thousand men were thrown out of work, and in many localities of the states of Washington and Oregon, business was paralyzed. The immediate effect of the decision at this time, however, will be of questionable effect.

MISSISSIPPI HIGH AT ST. LOUIS

Damage Along River at Different Points Up in the Thousands. Buildings Give Way.

ST. LOUIS, June 19.—Remaining at a stage of 34.8 feet above low water mark for 24 hours, the Mississippi river today showed no signs of inclination to rise further, and weather bureau officials sent out word tonight that the flood will begin to recede tomorrow.

Half of a five-story brick building on the levee, near the foot of Olive street, crumbled to the ground tonight, leaving the other half, a neighboring building of the same size, tottering. The building was occupied by the St. Louis Edible Nut company, and 25 girl employes were taken from the building at signs of weakening earlier in the day.

The river was at a standstill at Altoona, Ill., today. The damage to farms and factories near there is estimated at $375,000.

Fifty Deaths in All by Drowning in Oklahoma During Recent Floods.

GUTHRIE, Okla., June 19.—As nearly as can be estimated, 50 persons have lost their lives in Oklahoma from drowning in the recent flood season and as many more have been killed otherwise by storms and lightning. In the vicinity of Hoffman alone, 16 persons have been drowned, the last being Newton and William Stidham, who attempted to ford a swollen stream.

The body of Ernest Faunne, 17 years old, who was drowned in the Wichita river while bout riding with several friends, was recovered today near Carnegie. Also there were recovered today the body of Henry Conklin, who went down with the steel bridge over the Arkansas river at Ralston, and the lost bodies of the three little Roberts girls, who were drowned in the Red river near Hastings. Drownings reported today include Shakespeare Adams, 17 years, near Broken Arrow, and George E. Lewis, 22 years old, near Skiook.

If after further negotiations between the United Mine Workers officers and the operators, no settlement is reached, a formal strike will be called.

ADVOCATES OF REALISM

A good story is going the round of theatrical circles in London, which has the advantage of being perfectly true, according to the Jewish Chronicle. One of the features of Herbohm Tree's production of "The Merchant of Venice" has been his introduction of real Jews to form the crowd in the Ghetto. When Mr. Tree first met his Jewish crowd he informed them that the Christians in the play would affect to spit upon them. "Understand," said Mr. Tree, "it will not be real, but only pretense." He then informed them as to the proposed remuneration. One old man looked wistfully at Mr. Tree and said at last: "I say, sir, couldn't you make it a little more and let them [illegible]"

Cook With Gas Cool, Clean.

NOBLEMAN SWEPT PAVEMENT.

"Outside Man" at the Astor a Relative of the Prince De Trauttmansdorff.

From the New York Times.

W. C. Muschenheim, proprietor of the Hotel Astor, learned to his surprise yesterday that a porter known only as "Franz," who for two years has been employed to clean the sidewalks outside the hotel, was a member of one of the oldest families in Hungary. The present head of his family is Charles Prince de Trauttmansdorff-Weinsberg and the Counts of Trauttmansdorff, the kinsfolk of the Hotel Astor porter, are celebrated in the legends and history of Austro-Hungary.

Despite the fact that his kinsfolk have a prominent place in the Almanach de Gotha, Franz von Trauttmansdorff has been laboring diligently and silently in a menial place at the Hotel Astor. As "outside man" it is his duty to keep the pavements of Broadway, Forty-fifth and Forty-fourth streets clean. He is also expected to keep clean the various perforated rubber mats which lie on the threshold of the hotel. When this cleaning has been completed he polishes the outside brass work, and in this way 12 hours of his day, belong to the hotel management.

Franz von Trauttmansdorff is a good-looking man of 35, with straight black hair and a clear-cut profile. For three years he has been employed by the Hotel Astor. In all this time there has never been a suggestion of his lofty birth and on the payroll he appeared merely as "Franz."

A few persons about the hotel noticed the good-looking Austrian in striped overalls, but failed to penetrate the disguise.

GERMAN TOBACCO CELEBRATION

The 350th anniversary of the introduction of tobacco in Germany is referred to in an article by Hans Winter in the Staats-Zeitung. Tobacco, he says, was brought to Europe first in 1558 by the body physician of Philip II., Don Francisco Hernandez. The physicians who speak against its use should remember that one of their number made the Europeans acquainted with the weed, Jean Nicot, who was at that time the French minister at Lisbon, sent some tobacco to his sovereign, Francis II., and it received the scientific name Nicotina. Through Sir Walter Raleigh, who has often been credited with having taken the first tobacco from America to Europe, it was introduced in England in 1586.

YOUNG WOMAN DEBATER

Miss Elizabeth Ellsworth Cook, the Cornell university girl to whose presence on the Cornell debating team Columbia strenuously objected last winter, won the victory over five young men for the Stewart L. Woodford oratorical prize of $100 in gold. The prize is one of the most sought after of the college year. Miss Cook appeared without ornaments and arrayed in black. Her oration was a plea for equal opportunities for men and women in the business and professional world, and for mutual aid in developing the wide range of common interests between the sexes.

KATTY JACKET FOR GOLFING GIRLS.

When the golfing girl dislikes a sweater she has recourse to a jacket of me light weight woolen materials, such as coarse serge, whipcord or sket cloth. These are quite as carefully tailored as any of the half-fitted, x-fronted jackets and are rich in pockets to hold the handkerchiefs, the oves and the oft-discarded collar and necktie. Usually the enthusiastic lfing girl prefers a coat of some neutral shade, such as taupe or tan, but e is not averse to brightening it with brilliantly hued velvet collar and cuffs.

HIGH-GRADE TEXAS ORE

Largest Field in the South Near Jefferson.

From the Nashville American.

Hardly a month passes nowadays without there being brought to light in some one of the southern states some new and distinct source of wealth, constantly tending to make this section, beyond all others, inviting to the capitalist and to the laborer. This discovery comes either in the shape of some different and general use to which the raw material already existing in abundance can be put or in the accidental uncovering of vast bodies of minerals of great commercial value, whose existence in the particular locality where discovered, no one had dreamed of as at all likely.

The comparatively recent discovery of what is said to be the best, if not the largest ore field in the south, at Jefferson, Texas, which is 60 miles west of Shreveport, La., is of more than passing significance to the south. Many recent analyses of this ore show that it carries an average of 60 per cent of metallic iron; about 5 per cent of silica, and 0.1 per cent of phosphorus. The very high grade of this ore will warrant its shipment to comparatively distant markets for conversion. The present owners of the property are now making arrangements to ship ore in large quantities to Birmingham, Ala., which certainly looks like "carrying coals to Newcastle." While the ore is a limonite, it is very different in its formation and structure from the ordinary brown ores of the south. It is claimed that it lies in an unbroken ledge from three feet to 30 feet thick, covering many thousands of acres, thus making the cost of mining very low. With the low freight rates that are usually given on raw material, there is no valid reason why this ore can not be brought to the furnaces of this state in Montgomery, Dickson, Hickman and Wayne counties.

In fact it is understood that some of these furnaces are already looking into the matter with a view of making trial shipments. While the distance would be great, only those accustomed to using ore in making iron realize the vast difference in cost between using an ore containing 60 per cent of metallic iron and one of 50 per cent or less. In coke consumption and output this difference is marked. If this ore is hereafter shipped in great quantities to such distant points the moisture could, by modern roasters, be done away with at the mines, greatly lessening the weight, increasing the metallic iron to a still higher point and putting the ore in better condition for use, with a decided lessening of fuel required, which in this section constitutes about two-thirds of the cost of making pig iron.

Furnacemen are awaiting with interest the first trials of this new ore.

COLORADO TIMBER TESTS

A Timber Testing Station Will Be Established at the State University at Boulder, Colo.

WASHINGTON, D. C., ——Arrangements have just been completed between the University of Colorado and the United States forest service, in co-operation, for the establishment of a timber testing station at the University at Boulder, Colorado. A series of tests under the direction of the forest service engineer and several assistants, will be begun in about two months, and a thorough study made of the utilization of the native timbers of Colorado.

There are at present in Colorado large amounts of dead timber, mostly fire killed, which, in some places, is considered unfit for use as structural material, and in others is used only to a limited extent. It is the intention to make a series of tests on this dead timber and also on timber of the same kind cut when still alive.

The results of the tests will give accurate data to Colorado lumber users of the comparative strength of green and dead timber. They will also establish just what strength of the various Colorado timbers have that builders and engineers may know what they can count on in using these timbers for structural purposes.

It is expected that the laboratory will be equipped before the end of the summer, and that the testing work will begin in early fall. In addition to the testing work carried on at the laboratory investigations of the wood-using industries in Colorado and neighboring states will be made. This study will enable the forest service authorities to get into close touch with lumbermen and other wood users [illegible] the will of the university hope

J. S. SHERMAN IS MADE TAFT'S RUNNING MATE

(Continued From Page One.)

circling galleries and over all the enveloping folds of "Old Glory."

Distinctly a Sherman Crowd.

From the outset it was distinctly a Sherman crowd, with galleries already trained into choruses of Sherman songs and an invading host of Sherman marchers starting the echoes ringing with a huge portrait of the New York candidate. Among the early arrivals on the floor was Speaker Cannon, only yesterday a candidate for President, but today here as a pillar of strength in the Sherman movement. The widespread affection for the old war horse of the party was also shown by the crowds of delegates surging about him to grasp his hand and bid him welcome.

The preliminaries were brief, and at 10:30 the nominating speeches for vice president began, with a limit of 10 minutes to each speaker. On the call of states, Delaware yielded to New York and former Lieut. Gov. Timothy L. Woodruff mounted the platform for a glowing speech, placing in nomination Sherman as New York's choice for the vice presidency. Now came a surprise, as the venerable Cannon, with his Lincoln-like visage and shaggy head, emerged from the Illinois delegation, and, stepping to the platform, was yielded unanimous consent to second the nomination of Sherman. Such a picture of sturdy, homely, plain Americanship as Cannon appeared as he advanced before the throng which rose to do him homage has seldom been seen before a national convention. His face was beaded with sweat, his collar had melted to a rag which hung limp about his neck; his vest was thrown wide open, exposing a crumpled shirt and the sleeves of his black alpaca coat curled up about his dangling cuffs to his elbows as his waving arms emphasized his ringing words for his colleague and friend, James S. Sherman of New York.

Mind of Convention Made Up.

From the outbursts of enthusiasm which greeted every mention of Sherman's name, it was plain that the mind of the convention had been made up and that the decision was only to be recorded. But for a moment there was a halt in the Sherman movement as Senator Lodge, leaving the presiding officer's chair, advanced to nominate Governor Guild of Massachusetts for the vice presidency. The senator's voice was strained with the exertions of recent days, but he spoke eloquently and forcibly for the Massachusetts candidate; Michigan, through Chase Osborn, added her voice for Guild, and New Jersey brought forward her favorite son in a speech by Thomas N. McCarter nominating ex-Governor Murphy of New Jersey for the second place on the ticket.

The steady advance of the Sherman movement now began again, as state after state fell into line—North Carolina, in a ringing speech from the floor by Harry Skinner; Oklahoma, by Dennis T. Flynn; Pennsylvania, by Congressman Myron Olmsted; Tennessee, by H. Clay Evans, and Virginia, by C. B. Stemp.

Now began the vote, taken amid confusion at first, which increased as the totals climbed upward to the nominating point. The result was never in doubt as the totals of states were heaped one upon another. There were scattering votes, but the great body of delegates swelled the total of Sherman until it touched $16.

Sherman's Huge Total.

With keen appreciation of the effect of the climax, Chairman Lodge announced the result, reserving Sherman's huge total until the last.

"Vice President Fairbanks got one vote, Governor Sheldon of Nebraska, 10 votes; Governor Curtis Guild of Massachusetts, 77 votes; Governor Murphy of New Jersey, 77 votes, and James Schoolcraft Sherman of New York, $16 votes."

After the announcement the floodgates of wild enthusiasm were let loose, as floor and gallery joined in a pandemonium of demonstration for the nominee. The nominations completed, final details were now quickly perfected—committees from the various states to wait upon the candidates for President and vice president and formally notify them of the action of the convention in nominating them; prospective meetings of the national committee to perfect plans for the coming campaign, and thanks and congratulations to the Chicagoans who have given a convention of such perfect equipment. And then, just before noon, amid cheers still echoing, and the inspiring strains of the national anthem, the national convention finally adjourned and the multitude dispersed.

Enthusiasm High.

The action of the convention touched a sympathetic cord throughout the city, and tonight the party spirit of Republicanism is high. The nominee for vice president, Mr. Sherman, is among those who is witnessing these scenes of enthusiastic tribute. He remained at his home during the balloting today, and quickly received a message announcing his nomination. Later, the delegates arriving from the convention flocked about him in a continuous ovation lasting throughout the afternoon. Many of the delegates and the great mass of strangers in the city are hastening homeward tonight on crowded trains, and tomorrow there will be only the aftermath and the nucleus of a few leaders to mark the historic gathering.

Attention is now being directed to the selection of the chairman of the national committee, the general-in-chief who will have supreme command of the Republican forces in the approaching campaign. The national committee, after a session today, named a subcommittee of eight members, which left tonight for Cincinnati, where it will confer with Secretary Taft tomorrow on the selection of a campaign manager. HAT INVADES POLICE STATION.

From the New York Times.

The curiosity of the police of the Prospect Park station, Brooklyn, has been aroused concerning the ownership of a monster "Merry Widow" hat found in the park early yesterday morning by Patrolman McNamara. As a specimen of freak millinery the hat is unique. It is 25 inches in diameter, and is surmounted by a large owl with outspread wings. Two hatpins and a long, winding white ribbon complete its ornamentation.

Lieutenant Higgins was on the desk when McNamara appeared, with his find.

Heavens above! What's that?" he ejaculated.

"A hat," replied McNamara, tersely.

"Put it out in the yard," commanded the lieutenant. "I'll be roll call in five minutes, and I want room to move around."

SATURDAY, JUNE 20, 1908.

A REAL KEYNOTE.

THE speech of the temporary chairman of a convention is generally supposed to be the "keynote speech," that is, it outlines the record of the party, stirs up the enthusiasm of the delegates, and puts them into the frame of mind for doing their work with good will and heartiness. This year, Senator Burrows did not perform the function. He made a speech, but it was not a keynote—it was more like a series of chapters out of a party history or a campaign text-book. Then nobody could hear him, and so there was no enthusiasm; and the hall was not nearly so full when he finished as when he began.

Wednesday, however, the delegates had the opportunity of hearing a genuine keynote speech—in fact, a really fine speech, one of the kind that is not heard more than once in a decade; one of the kind that lives in the memory; one of the kind that stirs the feelings, convinces the intellect, and makes votes. Senator Lodge fairly excelled himself in his speech as permanent chairman. The convention could hardly have done better than adopt his speech for its platform, and save the resolutions committee any further trouble. Certainly the speech would make a better platform than the one they have been laboring over and patching up for the past week.

Senator Lodge is a big enough man to take a large view of affairs. He sees not only the specific measures which have been enacted or adopted by the Republican party; he sees the whole situation which required the adoption of new policies and the application in new ways of old ones. Further than that, the Senator is a consummate literary artist. He knows how to place his words effectively; he knows how to make epigrams—phrases that will stick. For instance, this from his characterization of the Democratic party:

"The old shibboleths of the Democratic party are today the epitaph of policies which are dead and damned. They serve only to remind us of dangers or to warn us of perils to be shunned."

Here is another:

"The Republican party has never failed except when it has faltered." Again: "Under the lead of the President, the Republican party has grappled with the new problems, born of the new conditions. It has been no light task. Dangerous extremes threatened on either hand. On the one side were the radicals of reaction, who resisted any change at all; on the other side were the radicals of destruction, who wished to change everything."

And the final paragraph is the best summary of the Republican creed that has been made in many a day, and would be enough in itself for a platform:

We believe in the maintenance of law and order and in the support of the courts in all their rights and dignity. We believe in equal rights for all men and are opposed to special privileges for any man, or any class of men, high or low, rich or poor. We, who established the good standard, are pledged to the cause of sound finance. We stand for protection to American industry and American labor, and we will resist all the assaults of free trade under whatever name it comes disguised. We will see to the defense of the country. We mean to have a navy worthy of the American name. We seek peace and friendship with all the nations, but alliance with none. Yet, we have no intention of being a "hermit nation." The great services of the President to the world's peace will be continued by the party which he has led. We are a party fit to rule and govern—to legislate and administer, and not a fortuitous collection of atoms whose only form of thought or motion is to oppose. Above all, we are true to our traditions and to our past. True now, as we were in the days of Lincoln.

In this spirit we must prevail—by this sign we must conquer.

It is said that a great many speeches were strangled which were all ready to be uttered, and that there were enough orators prepared to keep the convention in session several days more; but if the delegates had stayed all summer, they would not have heard a better speech than their permanent chairman's. It will rank with the best convention speeches ever delivered. We congratulate the senior Senator from Massachusetts, and we congratulate the Republican party on possessing a record which furnished the basis for such an oration.

KING AND CZAR.

THE visit of the King of England to Reval was not allowed to go by without the customary amount of more or less senseless speculation as to what it meant. There are observers of international events, and there are writers on international politics, who see in every visit made by the sovereign of one country to another a new alliance threatening the peace of Europe. Here, for instance, is a "rapprochement" (one can hardly write of international affairs without using a French word now and then) between England and Russia; therefore somebody is frozen out. Since it is only a few weeks since President Falleres was over in London, received with every courtesy and honor, he is probably on the deal. Consequently, what can be going on but an enormous plot against Germany?

This way of looking at things is perhaps a survival of the days when diplomacy was the art of deceiving alike your enemies and your friends; when the advantage of one nation was supposed to involve necessarily the disadvantage of some other; and when the possibility of a general European war was always in the foreground. One would be rash indeed who undertake to maintain that diplomacy of to-day does not, as a rule, work [illegible]

covers to secure advantages over another, or even that a general European war is impossible. At the same time, we cannot help believing that there has been some change; that affairs are managed with less resort to intrigue, with fewer secret missions, with somewhat more of frankness and square dealing.

There is a much simpler explanation of these reciprocal visits among European rulers than that they are designed to discomfit somebody or alter the balance of power. Why should not the King visit the Czar, or the Kaiser or the President visit the King, from simple motives of friendship and a desire to promote good understanding between their several countries? Thanks to the old King of Denmark and his faithful spouse, most of the royal houses of Europe are now connected by marriage. Of course that might not prevent a conflict between two nations that were really angry at one another, but it might induce caution in the preliminary dealings, and a sincere desire to avoid appeals to force.

It is some satisfaction to reflect that our own country has done something toward the spread of the "new diplomacy"—the diplomacy whose success depends upon straightforwardness and truth-telling. It is not too much to say that we are credited in Europe with this sort of spirit. When Secretary Root made his tour of South America, it was not taken amiss by the chancelleries. When it was proposed to send the big fleet around the world, the assigned motive was taken for the real one, and cordial invitations assailed it to visit many countries on its way. It is pleasant to know that our own relations are of this sort; and it is agreeable to believe that the relations of the European states are becoming more and more frank and friendly.

Mr. Burke's effort to change the basis of representation in future conventions was unexpectedly near success. His motion to base the representation in future on votes cast instead of population was lost by a vote of 476 to 506. The states of Colorado, Connecticut, Illinois, Indiana, New York and Pennsylvania voted solidly for the new plan. The vote was so close that it was only Ohio that saved the day for the old plan. Her delegates voted that way for political reasons—because they thought it would help their candidate; but they were wrong. However, that is another story. The result is most gratifying, and prefigures a complete victory for the idea when presented, as of course it will be, to the next national convention. It is pleasing to see that Colorado took a leading part in this controversy, and that her spokesman, Mr. Dawson, made one of the ablest speeches in favor of the new plan.

I cannot believe that any such proposition (anti-injunction) is incorporated in any platform which has been drawn for the action of the convention or will meet the approval of the convention. I think it is very important that the platform should deal with principles and should not attempt to hamper the members of Congress by indorsements of special measures which have been proposed but which have not passed. Congress is better able, on full debate, to deal with these matters as they arise, acting as the members do under the sanction of an oath, than a political convention is able to do in the stress and storm which oftentimes environ the deliberations of such a body.

These are the words of one of the wisest men in the United States, and one of the very best constitutional lawyers—the Hon. John C. Spooner, late a Senator from Wisconsin. Sometimes the difference in the functions of a convention and of a Congress is not fully recognized.

As finally adopted, the injunction plank—it would hardly be fair to call it an anti-injunction plank any more—seems to be a kind of compromise between the one suggested by Dr. Butler and his associates, and the one originally prepared at Washington. It may be harmless as it stands; but we are glad to see that the Colorado delegation voted against it. It would have been better to leave it out.

It is a good plan to make the Huerfano street viaduct big enough to last for a few years, while we are at it. In its present form it is entirely unsuitable and inadequate, and it is better to spend some money on it now and have it right, than to keep patching it up and waiting to have the right thing done years hence.

From the New York Herald.

What beautiful heiress will be the first to elope with her father's aviator?—Pittsburg Dispatch.

Gone then will be the set stage properties of the romantics—the ladder from the fair charmer's window, the poisoned bull dog, the flight in buggy or whirling automobile. But at least the society journals will not be able to say that the bridegroom was of low station.

OLD STORY.

From the New York World.

A number of ladies from Washington's "smart set" are going to the Chicago convention. Judging from the way people talk about it, you would think that no women ever before sat in the convention galleries and yelled for their favorites, and that no woman waving a big white parasol ever led a record-breaking half hour of convention cheering for a favorite.

AN APPEAL.

To the Editor of The Gazette:

A few weeks since the Associated Charities made an appeal in the columns of The Gazette in behalf of a little boy, one of whose legs is badly crippled, for means to secure a needed operation. The family is industrious and worthy, but there are four children and are unable to pay for the hospital expenses. One of the most competent surgeons in the city is willing to give his services, if $40 can be obtained for hospital charges.

The response to the previous appeal was quite inadequate and we venture to lay the case again before the public, in the hope that some charitable person or persons may be disposed to render this service of lifelong value to a little child.

THE MAN AND HIS JOB

By Herbert J. Hapgood

So much depends upon a salesman's personality that an interview is almost always necessary to secure a position. The way for this interview usually has to be paved by a written application, and here is another stumbling block. Salesmen are notoriously poor letter writers. All their force and fluency seem to vanish when they try to put their ideas on paper. One Chicago sales manager, who hires a number of men every year, claims that not one salesman in a hundred knows how to write a proper letter of application. If more of them had this knowledge, he says, it would insure prompter consideration and often save the expense of a trip to Chicago before being engaged.

In stating your education you can be extremely brief. If you can sell goods, the average firm does not care whether you are a university graduate or whether your training was limited to five or six years in a little red school house. The best education a man can get is that acquired on the road, and results achieved are what count.

Testimonials and references are valuable only to back up a man's appearance, personality, and statements. Too many testimonials are often ruinous. A salesman was being favorably considered by a large manufacturing concern when the president asked concerning his testimonials. He promptly pulled out 19 letters, of which 10 were from men for whom he had worked in the past five years. Although all spoke glowingly of him in general terms, this settled the matter and the negotiations were promptly called off. Always have copies of your testimonials typewritten (never printed, as this indicates that you are constantly applying for a position), and never allow the originals to leave your possession.

Today's Horoscope

Saturday, June 20, 1908.

Now turns the sun and ends the lengthening days. Portents arise the nations to amaze.

On this the 172nd day of the year, the length of days reaches its limit, the moon, entering the last quarter, has Mercury, Venus, Mars and Uranus in benefic aspect. Mercury is stationary in the zodiac.

The nations shall be disturbed and perplexed, and "afflicted with wonder and alarm" in the period that now ensues; but for thine individual concerns the coming hours are all well.

Deal with others, seek work, travel, court, marry, ask favors, push all affairs.

Be particularly zealous before 3 p. m. The brightest influence is over the early hours.

Hire servants and undertake any other domestic or social work.

The next three days should be good for all things connected with fin and water.

At 1:20 p. m., there will be special power in herbs under Mercury, lavender, fern, parsley, savory, marjoram and licorice.

A lucky birth anniversary.

Women with this birth-date may look forward with hope to a prospering year, socially and domestic. Those in business will succeed.

Men with this birth-date should have an extremely successful and fortunate twelvemonth.

The planetary signs for children born today are: girls, energy, good aspirations and amiable manners; boys, pluck, perseverance, rapid rise in life and general success.

THE M. W. IN MAINE.

From the Parkhurst Item in Lewiston (Me.) Journal.

Our wives and daughters wear hats as big as a cart wheel covered with weeds, grass, and flowers, and we call them Christians. I was recently told by a lady who was staggering round under one of those monster brush piles, that it was none of my business what she wore, and it isn't. I don't care if she don't wear anything but the big hat and a smile but she can't stop people making remarks.

ANOTHER MANHATTAN.

From the Manhattan (Kan.) Mercury.

"An unmarried Manhattan woman too old to belong to the hand-holding crowd was at the station this week when a Strange Man stepped up to her and kissed her. The Manhattan woman seemed greatly surprised but not shocked. The other Manhattan people who witnessed the performance and don't know who the strange man is, went straight home, swept off a clean place on the carpet and laid down and had a fit."

PARKMAN, THE OUTLAW.

Mrs. Mary McCreary Parkman, editor of Emporia (Kan.) Times:

We have been asked frequently, why we keep our husband on the blacklist in the Emporia Times. Now, ordinarily, what we do with our husband is our own business. And it would seem in all fairness that if we put up with this man morning, noon, and night, we shouldn't have to be putting him in the paper all the time. We and our husband, like all married people, have our agreements and disagreements. We agree on literature, religion, art, the nebular hypothesis, the proper method of poking the fire, the value of breakfast food as a brain builder, paving, municipal ownership, and the facts in the Gunness case. But we disagree on policies. We think our husband has a good deal of sense—for a mere man—on lots of subjects; but on politics he doesn't know much. He is a Republican—and as such has no opinion on us either as a moulder of public opinion, a fellow citizen, or as a wife.

We will cook for our husband; we will mend our husband's clothing; we will darn and brush him up—as our husband. But as an office holder of a vile, venal, and corrupt organization, an emissary of Wall Street, and as an oppressor of the poor our husband has only our unspeakable contempt. He can thank his lucky stars that we do keep his [illegible] in the Times.

KITTY'S RESOLUTION.

Kitty's sworn off kissing,
Sworn off kissing me;
Think of what I'm missing,
Bliss that used to be.
Once I dwelt in clover,
Now my life is bare;
New leaf she's turned over,
Kitty, 'tisn't fair.

Kitty's sworn off kissing,
What a thing to do!
Think of all I'm missing,
Not a kiss or two.
Not a kiss in parting,
Not a greeting rare!
O, my heart is smarting,
Kitty, 'tisn't fair!

Kitty's sworn off kissing,
Year so young and bright;
All the joy is missing,
Day is turned to night.
Wonder when she sees me,
Will her vows remain;
Will she boldly freeze me—
Or kiss me once again?

MRS. BURDEN'S SLUMBER GLOVES

From the New York Press.

Women of fashion, though capricious about many things, stick to the practice of wearing chamois gloves when asleep, to keep their hands soft. Mrs. Arthur Scott Burden, daughter of Mrs. Aurel Batonyi and granddaughter of Frank Work, has perfect hands, and women who know her well say she never goes to bed without drawing on such protectors. Gloves worn for sleeping ought to be three times as large as those usually required. An excellent plan is that of slitting them up to the bases of the fourth finger and thumb, respectively, so as to permit of a free circulation of air, the severed seams being laced with ribbon and tied around the wrist. A good cream must be rubbed on the hands after washing them, an excellent homemade skin food being that of an ounce of shredded wax and half an ounce of myrrh stirred together in a bainmarie until the wax is melted. A couple of ounces of honey and a little distilled water should then be added, with a teaspoonful of pure glycerine, and stirred until the mixture is of cream-like consistency, a delicate scent being given by means of orris root powder. After washing when the weather is cold the operation of drying cannot be too thoroughly performed. Many women take the wise precaution of rubbing a little oatmeal powder or almond meal over the backs of the hands, the fine powder absorbing any suspicion of moisture which may not have been removed by means of the towel.

CONTINENTS OF THE WORLD.

Geographers usually recognize as continents Eurasia (comprising Europe and Asia), Africa, Australia, North America and South America, the two great Americas, however, are sometimes grouped as a single continent, although such a classification is hardly justifiable unless Africa be included with the Eurasian continent. A sixth continent may be represented by the land areas in the Antartic region.

THE GANO DOWNS

A great twenty dollars' worth.

Twenty dollar suits designed and tailored by the same experts who make our forty dollar suits: in selecting the woolens, lihings and trimmings, in planning the general make-up of the garments and in determining the styles, we try to make our twenty dollar suits just as distinctive and exclusive as our forty dollar suits.

Among the suits recently purchased are many uncommonly good bargains at twenty dollars. The fabrics are the very latest of the summer season, and the models are such as have been approved by men of fashion.

A twenty dollar suit, we think, should be fitted perfectly. The suit you select will be fitted so nicely that it will hold its shape after you've worn it. The better it is fitted, the better it will wear, and the better it wears, the better your opinion of our clothes.

Here, you select from the entire stock. The suits are displayed on hangers arranged for easy inspection: if you don't get the best suit for your money, it's your fault.

BIG INDUSTRIAL PARADE.

Pueblo Making Arrangements for a Great Fourth of July.

Special to The Gazette.

PUEBLO, June 19.—Pueblo will have a monster industrial parade on the forenoon of July 4, as a part of the general big celebration to be held in that city. Already scores of leading manufacturers and merchants have signed to prepare elaborate floats and the interest already displayed gives assurance that this will be one of the biggest features of the kind ever known in this section of the country.

In the big parade there will be a large floral section induced by the offer of liberal prizes, for the best decorated private vehicles and automobiles. This will add a touch of color and brilliancy to the occasion such as cannot fail to be pleasing.

In the afternoon the Pueblo celebration will center in the State Fair grounds, where a mammoth free barbecue will be held and numerous features of entertainment be given, including horse races, automobile races, athletics, etc. An admission fee of 50 cents for adults and 25 cents for children will be charged to the grounds, all profits to be for the benefit of the Colorado State fair.

MISSOURIANS COMING TODAY

Twenty St. Joseph Business Men Will See Sights in the Pikes Peak District.

Representative business men of St. Joseph, Mo., 20 in number, and traveling in their own handsomely appointed special train, will reach the city this afternoon at 3:45 o'clock over the Denver & Rio Grande railroad from Denver.

The party has been in the state for eight days visiting the various commercial and farming sections and this city will be the last stop before they return home. The afternoon will be spent in sightseeing and dinner will be had at the Alamo hotel. It is expected that the party will leave the city late tonight, although a longer stay may be made.

While no formal recognition of the presence of the business men in the city will be taken by the various commercial organizations, it is expected that committees will be at the train to tender the Missourians welcome. No program of entertainment has been arranged, although the business men of the city will see that the visitors enjoy their stay while here.

CONFERENCE NEAR END

DELEGATES WILL VISIT THIS CITY NEXT WEEK.

Large Fund Raised for Work of International Committee Among Students.

The Y. M. C. A. conference of the students of the Rocky Mountain region which has been in progress at Cascade will come to a close Monday morning, when the members will break camp and the 400 delegates will come to Colorado Springs to spend a few days.

At yesterday morning's meeting, the students raised a total fund of more than $1,700 for the work of the international committee among the students of the west. This is an exceptionally large sum to be raised at such a gathering.

Last night was "stunt" night, and the delegations from the various states each got off some original act in the big auditorium. At the morning meeting, Clayton S. Cooper, secretary of the Bible study department of the international committee, spoke of the progress in Bible study, declaring that the college classes last year numbered 50,000.

F. M. Zwemer, traveling secretary of the Student Volunteer movement, left yesterday morning for Northfield, Mass. Dr. Paine of the Kansas university, will lead his classes on "Islam."

Mayor Offers Cup.

In athletics, the track meet was held yesterday, the athletes from the state of Nebraska winning out with a total of 47 points. Colorado's representatives got second place, and Kansas, third. Slane of Colorado College won both the dashes. In tennis, Reid and Ewing representing Colorado, defeated Porter and Sweet of the faculty. They will play the finals in doubles today, meeting Powers and Proxell of Nebraska. Reed plays Powers in the singles finals. Mayor D. N. Heizer of Colorado Springs has offered a loving cup for the winner of the singles, and Willis R. Armstrong, a graduate of Colorado College, a cup for the winner of the doubles.

Among the most popular classes at the conference are those conducted by the Rev. W. C. Isett of this city on mission study in China; by Dr. John Inglis of Westminster university, who also has been in China, and by Dr. Roe of Oklahoma on the American Indian.

BUILDING A LARGE DAM

Hydro-Electric Company Making Improvements on Ruxton Creek.

Work has been started by the Hydro-Electric company on the building of the large dam on South Ruxton creek, about half a mile west of the Halfway house. The new reservoir is an improvement over the temporary dam at the point where the water is diverted into the company's pipe. It is located a short distance above the present site.

About 20 men are now at work, and the construction will cost several thousand dollars. While this improvement is not an extensive one, it will facilitate the work of the company and at the same time save water to the Colorado Springs water system, which is at present lost through seepage. According to Manager E. P. Dillon, the improvement is simply to increase the storage of the company's waters, and will not result in any extensive development.

DOG POISONER AT WORK

Kills Pet Canine Belonging to Mrs. M. M. Van Dyke.

The dog poisoner is again at work in the north end of the city, the last victim being a valuable setter belonging to Mrs. M. M. Van Dyke who lives at 124 Cheyenne avenue. The animal was seized with convulsions about 10:30 o'clock last night. It crawled into the house and in spite of all that could be done, died within 15 minutes. Dr. George W. Dickey, a veterinary surgeon who was promptly called, said death was due to strychnine poisoning.

The dog was not only valuable as a pedigreed animal, but was a pet of the household. Mrs. Van Dyke was greatly distressed over the unhappy end of her pet and is using every effort to apprehend the person responsible.

NEWS OF THE LOCAL COURTS

Judge Robert Kerr of the county court yesterday vacated a previous order appointing W. C. Hart, a Manitou curio dealer, temporary guardian of his 16-year-old daughter, Erma, and designated Mrs. Ida May Olfs of Denver, a sister of the girl, as her permanent guardian. Mrs Olfs testified that she did not consider her father a fit guardian for a young girl. The mother died in Manitou in 1905, leaving $1,500 to Erma, who has since spent her time between this city and Denver, living alternately with her father and sister. Judge Kerr ordered that the girl be sent to Loretto academy to be educated, and that her father pay one-half the expense.

WILL CELEBRATE LABOR DAY

Whole State Will Be Asked to Participate in Monster Parade and Picnic.

Denver, Pueblo, Cripple Creek and every city in the state where union labor is represented will be invited to take part in the Labor day celebration that is planned by the Federated Trades council of Colorado Springs, to be held in this city the first Monday in September.

It has been six years since the last general celebration of Labor day in this city and those in charge have begun preparations early in order to enlist the co-operation of all surrounding cities. It is planned to make the celebration a state affair.

While plans have not yet assumed definite shape, in a general way it is proposed to have a big parade in the morning and a picnic at Stratton park in the afternoon, with a picnic supper and a dance to follow. Already some assurance has been had that other cities will send large and representative delegations to take part in the exercises. Some of the leading lights in the industrial world have been invited to make addresses, and from the tentative plans in hand it is expected that the celebration will be the greatest of the kind the city has ever seen.

For the last year the labor conditions have been such as to insure an active interest on the part of all union men in the state. Colorado Springs has some 30 organizations, with a membership of 2,500, while Pueblo and Cripple Creek can be depended upon to send large representations. There will be ample incentive to outside cities to send their best for the parade and exercises, as substantial prizes will be offered in all lines.

The committees in charge will soon begin active work in preparing for the big event, and the various commercial organizations will be asked to assist in the monster celebration.

ASKED KERR FOR $40,000

Demented Woman Who Tried to Kill Governor Claimed to Be Stratton Heir.

Laboring under the hallucination that she is a legatee under the will of W. S. Stratton, Mrs. Anna Ensenauer-Jochim of Denver, was arrested Thursday afternoon, armed with a revolver, after forcing her way into the outer room of the executive chambers of Governor H. A. Buchtel. This act followed the writing of a letter to Judge Robert Kerr of the county court of El Paso county, in which Mrs. Jochim, who is believed to be insane, demanded $40,000, which she claimed Stratton bequeathed to her, and of which she alleged Governor Buchtel deprived her. Fired with a desire for vengeance, the demented woman almost accomplished her purpose, her peculiar actions alone causing the state capitol officials to detain her. She was placed in the county hospital pending an investigation as to her sanity.

Judge Kerr received the letter from Mrs. Jochim about two weeks ago and turned it over to Attorney D. P. Strickler of the Stratton estate, who answered the woman to the effect that all the legacies under the Stratton will had been paid, and that her name did not appear as a legatee.

In her letter to Judge Kerr, Mrs. Jochim declared flatly that Stratton left her $40,000 and demanded to know why she had not been paid. She then went on to say: "Buchtel claims this money, too, but I don't know why he wants to get my money." She concluded with the charge that the governor had wrecked her home and held her children up to shame.

CAN'T FIND HIS WIFE

COUNCIL BLUFFS MAN HERE LOOKING FOR SPOUSE.

Mrs. Waldman Asked to Communicate With Husband Through The Gazette.

Where is Mrs. J. C. Waldman?

Her husband, fearing for her safety, has come here from Council Bluffs, Iowa, in the hope of finding her.

Mrs. Waldman came to Colorado Springs eight months ago, slightly broken in health, to recuperate. She was accompanied by her sister-in-law, Mrs. B. Young. At first, they went to the Nordrach ranch, but remained there only a few days, moving into the city and taking up their residence at a private boarding house.

A short time ago, Mrs. Young left Colorado Springs, but Mrs. Waldman remained here. Three weeks ago she wrote her husband stating that she had been ill again, necessitating the care of a doctor. He at once sent her a draft. She, however, failed to give the street address, and since that time has not written.

Fearing that she might not have received his letter and that she might be in need, Mr. Waldman came on to Colorado Springs, arriving yesterday. He has been unable to locate his wife, and requests that she or friends who may know of her, communicate with him through The Gazette office.

Mr. Waldman is a telegraph operator at Council Bluffs.

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." For sale by all dealers.

Personal Mention

Mrs. E. J. Wilson and family will leave today for Seattle, Wash., and California points.

Mrs. L. E. Sherman left last evening over the Santa Fe for a brief visit to Kansas City, Mo.

Mr. and Mrs. R. M. Womack of Rock Wall, Texas, have leased for the summer the house of Mrs. E. J. Wilson at 704 North Walnut street.

Mrs. W. M. Holland, children and maid, of Bay City, Texas, and cousin, Miss Pearl Fulcrod of Golrod, Texas, are located at 714 East Boulder street for the summer.

J. Milo Tait has returned from Denver, where on Wednesday he was graduated from Denver university, following the completion of his four years' study in that institution.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. For sale by all dealers.

CITY BRIEFS

FUNERAL—The funeral of George W. Hastings will be held from the residence, 516 West Willamette avenue, at 2:30 o'clock this afternoon, the Rev. David G. Monfort officiating.

ARE ELECTED—Mrs. E. B. Butler of this city has been elected first vice president of the Colorado Federation of the Colored Women's Clubs, and Mrs. O. E. Fleming, also of this city, has been made an alternate delegate to the national convention.

MEN'S MEETING—The Rev. David G. Monfort, pastor of the Emmanuel Presbyterian church, will address the men's meeting at the Young Men's Christian association at 3:30 o'clock tomorrow afternoon. Frank Hart will be the soloist.

SMITH WINS LEGAL FIGHT—After two years of litigation in the circuit, appellate and supreme courts of Illinois, the suit of Waldo E. Smith of 1712 Wood avenue, this city, involving title to valuable Chicago property, has finally been decided in his favor.

RECITAL—Under the direction of Wilhelm Schmidt, Harry Axelrood, a 15-year-old pianist of Denver, will give a recital at the Knight-Campbell music rooms on North Tejon street at 2:30 o'clock this afternoon. Miss Virginia Grey Estill, soprano, will assist. The public is invited.

DEATH—William Daniel Martin, a long-time resident of Colorado Springs, died last night at his home, 424 West Pikes Peak avenue, at the age of 64 years. Funeral services will be held at the residence tomorrow afternoon at 2 o'clock, the Rev. C. B. Cross officiating. Interment will be in Evergreen cemetery.

HELD ON SUSPICION—Tom Deering and Frank Wilson were arrested on suspicion by Detectives Patton and Hoffman yesterday and will be held pending investigation. The prisoners were known to have a layout of burglars' tools, and are thought to be crooks.

WALK UP PEAK—Paul Cox of Connellsville, Pa., and Clarence Westfall of 105 South Nevada avenue, this city, are proud of a record they made in ascending Pikes Peak last Tuesday night on foot. They walked to the summit in five and one-half hours, starting at 8:30 in the evening and reaching the summit house at 2 o'clock in the morning. The return trip was made in three hours. The temperature on the top of the Peak was 16 degrees above zero.

STEALS WAIST—William Croyx was arrested by the Colorado City police yesterday on a description furnished by the local department, charged with stealing a lace waist, valued at $8, from Hibbard and company's store last Monday. Croyx confessed to the theft and will be arraigned in a justice court next week. Croyx deliberately picked up the waist and put it under his coat, taking advantage of the congestion at the counter, and walked out.

FUNERAL—The funeral of James M. Fleming was held yesterday morning at 10 o'clock from St. Mary's church, the Knights of Columbus attending in a body and acting as pallbearers. There were many beautiful floral tributes. Mr. Fleming, who was accidentally killed at Seattle, June 12, was formerly a foreman of the street car linemen and later a member of the fire department. He is survived by two brothers, James R. and George F. Fleming, and two sisters, Mrs. S. T. Johnson and Mrs. L. E. Smith of Colorado Springs.

Leach Water Color Lecture classes begin at 3 p. m. Monday at 109 N. Tejon, Colorado Springs Business college. Don't miss them.

CHIEF REYNOLDS RETURNS

Says Springs Is Best Advertised City in the Country.

Chief of Police W. S. Reynolds returned yesterday from a 10 days' trip east, during which he attended the annual convention of the National Police Chiefs association in Detroit, Mich.

Colorado Springs is the best advertised city in the country, according to Chief Reynolds, and as a result of the publicity campaign on the part of the railroads, aided by the Merchants association, Chamber of Commerce and other civic organizations, is well known all over the east.

During his trip, Reynolds visited Chicago, Boston, New York and other big cities.

USE TROUT AS EXTERMINATOR

Game Warden Thomas Mullen of Yakima county, Wash., has called the sportsmen of his district together to devise some way of protecting the game fish which are now being slaughtered in thousands by being dumped on the orchards and alfalfa fields from the irrigation ditches. The trout and salmon enter the ditches and then turn off into the laterals, finally ending their life in the grass, where the water has played out and left [illegible] a few days. A [illegible] orchard. Another found several trout in his orchards and numerous others have reported similar finds. Small boys catch long strings of small trout by scooping them from the pools with their hands. Warden Mullen says that in some sections of the valley the ranchers who want fish angle for them in the irrigation ditches in preference to the streams, the ditches being more accessible and the water slower and therefore better.

Colorado City News

In a search for a crazy man, Chief of Police E. N. Wolfe yesterday scoured the hills south of Colorado City. A report came to the police station that an old man, apparently demented, was wandering around in the hills, shouting, singing and holding revival meetings all by himself. The chief secured a horse, and spent a couple of hours in the search, but was unable to locate the wanderer.

Mrs. Emma Osborne, aged 46 years, died yesterday afternoon at 2 o'clock at her home, 309 North Second street. Following a short service at Minium's undertaking parlors at 7:30 o'clock this morning, the body will be taken to Fairfield, Ill., accompanied by her husband and son. The family has been here only since last January, having come west for Mrs. Osborne's health.

Members of the Brotherhood of American Yeomen will meet at the hall in Colorado City tomorrow morning at 9:30 o'clock, whence they will go to Fairview cemetery to decorate the graves of their dead. Memorial services will be held at the Methodist church at 8 o'clock in the evening.

Because of the heavy business of the tourist season, Postmaster John F. Morgan has requested the postal authorities to delay until fall the establishment of the free delivery which it was planned to institute on July 15.

The junior choir of St. Mary's church will give a literary and musical entertainment, followed by dancing, at St. Mary's hall next Wednesday evening.

J. S. Arthur, who has been foreman of the Midland shops for the last 22 years, and his wife, left yesterday for Monmouth, Ill., in the hope that a few weeks' trip will improve their health.

Miss Ruby Eaton, who has been visiting Mr. and Mrs. John Shoale, will return to her home in Almena, Kan., next week.

Before Justice J. D. Faulkner this morning, the trial of Jacob Schmidt on the charge of selling whisky to O. Hamilton will come up.

Sam Bryant, George Barr and Eldridge Waldron, of the Midland injured list, are all reported as improving satisfactorily.

Mr. and Mrs. F. Beyle are entertaining Mrs. Frank Smith and sons, Verner and Hambush, of Florissant.

Miss Ruth Armstrong has gone with her aunt, Mrs. Hannah S. Dunn, to Raton, N. M., for a six weeks' visit.

J. C. McCreary, former owner of The Iris, has purchased the Chronotype office from Vernie Johnson.

Mrs. Griswold, son and daughter, left last evening for Oklahoma, where they will make their future home.

L. S. Ascough will leave within a day or two to look after his timber claim at Lakeview, Oregon.

Dr. C. F. Keiser, formerly of this city, but now located at Conway Springs, Kan., is visiting friends here.

Dr. G. B. Gilmore and wife returned yesterday from a brief visit to Glenwood Springs.

Fire insurance. The best companies in the world. C. M. Sherman.

Miss Maggie McMahon of Cripple Creek is visiting friends here.

Mrs. M. E. Snodgrass has returned from a visit to California.

Mrs. D. W. Colbert will leave next week for a visit in Pennsylvania.

A. W. Worley is moving to Colorado City from Florissant.

J. L. C. Richards, T. S. Bell and S. S. Wilson are on the sick list.

Dr. J. F. Willard has gone to Lamont, Okla., for a two weeks' visit.

Ten men have been put to work in the Midland yards repairing cars.

Miss Alice Wilson is on the sick list.

Manitou News

Mrs. Adelaide Fullerton is completing a number of improvements on her property on Ruxton avenue. Besides improving her residence near the Cog road, she has had built a dozen attractive tent houses, and has begun extensive improvements on the old Zang place near the Midland bridge, where it is planned to open a rooming house and restaurant shortly.

At its next regular meeting the town council will have before it for final action an ordinance regarding sidewalks. This new ordinance, which has already been presented, is complete, defining the width and kind of walks to be built on all streets in Manitou, and providing a penalty for violation of its regulations.

Mr. and Mrs. A. Cree are entertaining their daughter, Mrs. Fred Curtis, of Milwaukee, Wis.

The Hellbronner trio, which furnished music last summer, will begin a series of concerts at the Cliff house tomorrow. The trio is composed of Maude Dickinson Gemunder, violinist; Albert C. Gemunder, cello, and S. Hellbronner, piano.

Town Attorney C. W. Dolph is at work in an endeavor to make a settlement in a number of cases which have been in court for a number of years, and concern the running of club rooms in Manitou.

D. H. Bennett, Herbert Webb and G. S. Eldridge have made application for the position of detective in Manitou during the summer. Action will be taken by the police committee of the council shortly.

HAS TWO HUSBANDS

(Continued From Page One.)

Berry wrote to the sheriff from Verona, Mo., May 1, of this year, also asking information as to the woman's whereabouts. Little attention was paid to this letter until Linch's letter was published in The Gazette last Tuesday. The sheriff compared it with Berry's inquiry and found that the two men sought the same woman.

Berry said that his wife left him two years ago and that he understood she married again in Colorado City. He added that if she had married again "that made her three living men without a divorce," in which event he would give the sheriff "a job and send all the papers to him." Linch's letter, as published in The Gazette, complains that his wife married Berry during his (Linch's) absence, without securing a divorce from him.

Mrs. Linch-Berry came to Colorado City in 1899, first living at 6 North Sixth street. Later she removed to [illegible] street, and lately has been employed at the home of [illegible] on the M[illegible] road. She [illegible] as a widow.

[illegible] Things Up.

The much-married woman said last night:

"After Linch married me he went away and I received a letter announcing his death. I then married Berry about 20 years ago, both ceremonies taking place in Missouri. I came to Colorado City two years ago to [illegible] and have been here ever [illegible] the [illegible] of one visit [illegible] ago. [illegible] I never [illegible]

by Berry or Linch, either, for that matter, without any complaint to the authorities. I will go back to Missouri and find out what these charges mean."

Following is Berry's letter to Sheriff Grimes, dated at Verona, Mo., May 2, 1908:

I will give a liberal reward for the information wanted. My wife, Mrs. Sella Berry, left me at Aurora, Mo., about two years ago, and went to Colorado City, and, I understand, about last September, that she married a man at Colorado City, and lives at 6 North Sixth street. You find out the facts, if you can. I wrote to the recorder of Colorado Springs, and she never got any license there. If she is married there, that makes her three living men without a divorce.

You ascertain these facts for me, and if she is married, why give me the man's name that she married; and find out, if she is not married, what kind of a house she is staying at. Is the house under bad repute? I expect to pay you for this, and I want to know all the particulars, and if she is married, I will give you a job, and will send all the papers to you, for I have the certified copies of her two marriage records here.

Please find out as quick as you can and write me.

Yours truly,
C. P. BERRY,
Verona, Mo., R. R. No. 2.

Linch's Letter.

Linch's letter, written at Macomb, Mo., June 10, which has already been published, is as follows:

City Officer, Dear Sir:

I want you to find out if my wife is living in your city. I married her several years ago in Missouri. I was working on the railroad. I went to Arkansas. I hadn't been gone long until I heard she had married another man, and I didn't come back, and after several years I came back to Missouri, and I found out she had married a man by the name of Berry. I went to the county seat to see if she had a divorce from me, and she had not. I found out her and the man Berry had parted and she was in Colorado Springs. I don't know what name she goes by, whether Sella Cagle or Sella Linch or Sella Berry. Please find out and write me at Macomb, Mo., in care of George Clark, R. F. D. No. 1.

Yours respectfully,
THOMAS LINCH.

BARGAIN MATINEE AT THE OPERA HOUSE TODAY

The American Stock company, playing at the Opera House, will give two performances today—a bargain matinee this afternoon, when they will present "The Black Spider," and this evening, when they will be seen in the comedy-drama, "The Foxy Mr. Bowser." Matinee prices will be: Children, 10 cents; adults, 20 cents. Evening prices: 10, 20, 30 and 50 cents. The following is the cast of characters and synopsis of the play this evening:

Mr. Bowser ....H. E. Willard
Sammy ....Birch W. DeLappe
Colonel Pepper ....David Murdock
Aunt Sadie............Miss Sue Chapin
Sadie (the colonel's ward)............
............Miss Florence Bradford

SYNOPSIS.

Act I—Long Branch—Mr. Bowser arrives.

Act II—Bowser's love letter—Some poetry.

Act III—A giddy old maid—Some more poetry—Bowser caught at last.

PECULIAR PEOPLE AT FAIRYLAND

Manager Braden, always on the lookout for the best films made, has secured a fine program for this afternoon and evening.

"Peculiar People" is a beautifully hand-colored mystery film that will keep you guessing to tell how it is done, and "Grandfather's Pills" are simply great. You ought to see the boy 12 years old get the best of a strong man who is giving an exhibition on the street.

Also notice the boy pitch a man up on the picket fence and do many other stunts. There are two other fine films and you should not fail to see this program, as it is one of the best that has been shown in Colorado Springs.

Go to the Fairyland and laugh and grow fat.

And after seeing this fine program you just can't help but tell your friends about it, and they will laugh with you.

The beautiful song, "Since You Called Me Dearie," completes the program, and as there will be a complete change of program Monday you should not fail to see this one today or this evening.

AT THE NEW ELECTRIC THEATER

"Blue and Gray" is the feature film, and one of the best ever shown in this city. It is a love story of the Civil war and on that account intensely interesting. The scene opens at West Point, where the cadets, upon receiving news of the war, are taking leave of each other. The next scene is in Virginia, at General Lee's headquarters, where [illegible] the picture of a wounded soldier hiding from his [illegible] in finding him, but, after a long run he succeeds in escaping by swimming across a river. One of the soldiers is accused of aiding in his escape and is sentenced to be shot at dawn. His sweetheart tries in vain to save his life, but finally has to go to Washington to see Lincoln, who at last signs the pardon, and after a hard cross-country ride she gets the pardon to him just in time. This is a very dramatic picture and is very realistic. There is absolutely no flicker or dimness and the scenes look just like they were being enacted before you. The riding and water scenes are particularly good. Mr. Jaffe continues to please the audiences with his singing.

AT THE EMPIRE

A children's special five-cent matinee today and the two regular performances will close this star week at the Empire. It has been a stellar week indeed, in several respects. The program is the best that has ever been offered in Colorado Springs and the attendance has broken all records of the house. Hundreds of people have been turned from its doors nightly, and were the same program continued for another week the result would no doubt be the same.

When Manager Lubelski took the Empire he determined to give his patrons the best acts that were available, regardless of cost in salaries. His idea has been successful in the extreme for the theater has been enjoying practically capacity business ever since. Mr. Lubelski is now out of the city engaging attractions for the coming week and he promises a program that will even surpass the current one.

SPECTACULAR DISPLAY AT THE ZOO JULY 4.

One of the most spectacular exhibitions of fireworks ever seen in Colorado will be one of the features of the Fourth of July celebrations, which Manager Coughlin is planning for the Zoo. A great naval battle between the Russian and Japanese fleets, in which the Japs are victorious, will be reproduced on the Zoo lake.

Never before has such a grand display of fireworks been planned in this city. It will require several days to put the various pieces into place after they are received here. Arrangements are being made to accommodate the thousands who will attend this exhibition.

SUBURBAN TO BALLOT

PREMIER RACING EVENT GOES TO KEENE HORSE.

Anti-Betting Law Cuts Down Attendance by More Than 10,000 Spectators.

NEW YORK, June 19.—Ballot, a sturdy 5-year-old son of Voter, at Sheepshead Bay today carried the famous white with blue polka colors of James R. Keene to victory in the Suburban handicap, the biggest racing event of the United States. Ballot won with ease by two and a half lengths. Struggling gamely forward at the finish came James E. Madden's 3-year-old colt, King James, hard driven by Guy Burns, five lengths before Fair Play, the pride of August Belmont's stable. Master Robert was fourth.

The time for the mile and a quarter was 2:03, breaking the Suburban record and being 1-5 of a second slower than the world's record for the distance, made by Broomstick, at Brighton Beach, July 2, 1904. Broomstick was a 3-year-old and carried 104 pounds. Ballot's impost was 127 pounds.

Anti-Betting Cuts Attendance.

The enforcement of the new law against betting had its effect upon the attendance, for not more than 20,000 people passed through the gates to witness the classic event. Under old conditions the stands would have groaned under the weight of at least 30,000 people, while the great stretches of greensward and the betting rings would have been crowded.

Twelve horses faced the barrier for the $25,000 stakes and the honor of winning the race. Ballot was the favorite at 8 to 5, with Master Robert second choice at 4 to 1. King James ruled at 6 to 1, and Fair Play at 7 to 1. The other horses were quoted at from 10 to 50 to 1.

Ballot delayed the start five minutes, and when the barrier rose King James broke in front, with Master Robert second, Tourenne third and Ballot fourth. For a furlong King James kept the lead, though Notter, on Ballot, was passing those in front of him and bearing down upon the leader.

Easy Sailing After Furlong.

Passing the furlong pole, the Voter colt took command, and thence forward it was easy sailing for him. Two lengths to the good, Notter took Ballot up and raced him in easy fashion around the upper turn, though even at that the pace was fast enough to set the field behind him dizzy. Turning into the stretch Ballot led by three lengths, and Burns shook up King James and gradually drew away from Tourenne, on which the pace was beginning to tell.

At the wire Ballot was the cleanest kind of winner, and King James as easily defeated Fair Play for the place. The others were beaten off.

Forestall Police Action.

There was considerable betting on the races today. It was easier to lay a wager than on any previous day since the new anti-betting law went into effect Friday, because counsel for the Coney Island Jockey club, early in the day, secured an injunction restraining the police from interfering with the orderly gathering together of crowds of patrons in any portion of the grounds.

Previously the police had forbidden gatherings of three or more persons. The fact that Justice Bischoff of the supreme court had granted the restraining order was telephoned to the track immediately, and a large number of policemen who were present to see that the law was not violated left the inclosure. There remained, however, a number sufficient for all emergencies. No arrest was made during the afternoon.

The summaries:

First race, six and one-half furlongs—Baby Wolf won; Bouquet, second; Notasulga, third. Time, 1:19.

Second race, mile—Monopolist won; Rosimiro, second; Julia Powell, third. Time, 1:40.

Third race, the double event for 2-year-olds, five and one-half furlongs, futurity course—Fayette won; Sir Martin, second; Esperanto, third. Time, 1:07.

Fourth race, Suburban handicap for 3-year-olds and up, mile and a quarter—Ballot (109), 8 to 5, Notter, won; King James (95), G. Burns, 6 to 1, second; Fair Play (111), E. Dugan, 7 to 1, third. Time, 2:03.

Fifth race, mile and a sixteenth, on turf—Grapple W won; Beauclere, second; Tony Bonero, third. Time, 2:48.

Sixth race, the Brambeletta, six furlongs—Hillside won; Edward, second; Wamba, third. Time, 1:02 2-5.

JIM BARRY IS KNOCKED OUT

Sam Langford Puts Chicago Heavyweight on the Mat for the Count.

NEW YORK, June 19.—With a terrific right-hand upper cut to the jaw, Sam Langford knocked out Jim Barry, the Chicago heavyweight, in the third round of a bout scheduled to go six rounds, at the Fairmont Athletic club, tonight. The men were battling on even terms when Langford saw an opening and slipped in the knockout punch. Barry claimed that the blow was accidental.

Barry assumed the aggressive at the start and landed several good blows which puzzled Langford, who evened matters up, however, at the close of the first round by sending two heavy right-hand punches to the head. There was little to choose in the second round and honors were even.

In a series of exchanges in the third round, Langford put a left to the jaw and followed it with a terrific right upper-cut which put Barry to the floor, where he was counted out.

ZEBS DEFEAT ROCKY FORD IN LAST GAME OF TRIP.

Score Is 12 to 7, Springs Playing Good Baseball—Team on Its Way Home.

Special to The Gazette.

ROCKY FORD, June 19.—Zebulon M. Pike passed through Rocky Ford on his way to Pikes Peak a hundred years ago, and in commemoration of this fact the Zebs today licked the Sugar Growers from this city in a one-sided game of baseball. The score was 12 to 7, indicating that the leaguers gave a good exhibition of baseball. Although the locals had the lead for five innings, the visitors braced and shut them out the remainder of the game. Rocky Ford wants to see more of the State league baseball if it is all as good as that put up by the Colorado Springs team. The Springs team left tonight for home, having completed with today's game its two weeks' trip. The score:

ZEBS PLAY HERE TODAY

TEAM RETURNS HOME FROM VICTORIOUS TRIP.

Meets Cripple Creek High Graders at Roswell Park in What Should Be Hot Game.

After a two weeks' trip in which they have acquitted themselves with much credit, the Zebs return to Colorado Springs this morning. This afternoon they play the Cripple Creek High Graders in first league championship series of the year. The game will begin at 3:45 o'clock at Roswell park, and it promises to be a close fight. In the first series of two, the teams split even, both games furnishing those sensational ninth-inning finishes.

The Zebs, on their trip, have played 11 games, of which they have won seven. They broke even with both Glenwood Springs and Grand Junction, lost two and won one at Trinidad, won at La Junta, took two at Las Animas and finished the series yesterday with a victory over Rocky Ford. Cripple Creek has been this week on the western slope, and won two games from Glenwood Springs, the first of these going 18 innings. The High Graders split even with Grand Junction.

The Zebbites and fans of all descriptions should turn out in great numbers today to welcome the team back from its victorious trip and to help it get a new start toward the top of the state league by beating the High Graders in both games of the series. Wasson is the most likely candidate for pitching work today, with Chevalier as his opponent.

At Denver, Trinidad meets the Luxus today and tomorrow. These are the first games, except the one at Roswell Park, that Trinidad has played away from home. It split even with the Luxus at Trinidad.

DENVER WINS OUT IN TENTH

GOOD FISHING IS REPORTED.

Reports of fishing conditions at points along the Colorado Midland road as received yesterday at the local office are as follows:

Twin Lakes—Fishing very good for past week. Clear creek running high and muddy. Good fishing in Lake creek.

Frying Pan River—Water clear. Good fly fishing.

Woods Lake—Weather clear. Large catches being made.

Hartsel and Antero—Water low and clear. Fishing good.

NEW WAY OF CATCHING FISH.

Bloomfield Dispatch to Indianapolis News.

While Earl Stans and Paris Hattabaugh, 9 and 10 years old, respectively, were fishing in Richland creek, at the old water mill, one mile east of town, yesterday, they found a large catfish fastened between a log of the milldam and a stone. It had run into the trap during the recent high water, and as the water receded it was unable to get loose.

How to land the fish was a question, for the boys reasoned that the fish, as soon as disturbed, would become unmanageable; but they were equal to the emergency. While Paris sat on the fish Earl took the whistling band from his straw hat, put it through the gills of the fish, and then the two dragged it ashore. In triumph the boys [illegible]

Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence: all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness," prolapsus uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure [illegible] selves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdominal, or pelvic, region, gnawing sensation in the stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one [illegible] for woman's delicate ailments [illegible] alcohol and [illegible] habit-forming drugs, being a [illegible] extract of curative principles found in our most valuable native, medicinal roots, as attested by many of the most eminent medical writers and [illegible] of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a [illegible] medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the [illegible] [illegible]

ed and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are effected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives, and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. [illegible] as well as the "Golden Medical Discovery."

CURES HEMORRHAGES OF THE LUNGS.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. For sale by all dealers.

SUNSHINE MINE AGAIN ACTIVE

Leasing Company Formed to Operate Property—Shipments Have Been Resumed.

Special to The Gazette.

CAMERON, Colo., June 19.—The Sunshine mine on Galena hill, immediately adjacent to this town, is again active under lease, and shipments were commenced today. Large bodies of low-grade oxidized ore of about one-half ounce average value are exposed in the mine workings and a leasing company, composed of residents of the town, has been formed to operate the property. A long-time lease, under favorable conditions and low royalty, has been secured from the local representative of the Fort Pitt Gold Mining company of Pittsburg, Pa., and the property will be actively operated.

TWO-YEAR LEASE GRANTED

Dan Stewart Secures Three Claims on Beacon Hill.

Special to The Gazette.

VICTOR, Colo., June 19.—A two-years lease, with royalty of 20 per cent flat on all ores marketed, has been secured on the Beacon hill group of three claims owned by the Republic Gold Mining company, by Dan Stewart and associates of this city and Cripple Creek. Work on the Janet W. claim, on which the main shaft is situated, commenced this morning and development work on an extensive scale is projected. The property, containing about nine acres patented, lies south of the El Paso Consolidated company's estate and is known to carry the extension of one or more of the El Paso veins.

TWO-CAR SHIPMENT MADE

Forest Queen Yielding Fair Values in Coarse Rock.

Special to The Gazette.

CRIPPLE CREEK, Colo., June 19.—A two-car shipment was loaded out this morning from the Roach and company lease on the Forest Queen on the eastern slope of Ironclad hill. The ore, consisting of coarse rock and screenings, was mined from the ore shoot under development at the 550-foot level and is estimated at two-ounce average value.

STOCKS ARE ERRATIC

OPERATIONS LARGELY IN PROFESSIONAL HANDS.

Selling of Securities Attributed to Politics—Anti-injunction Plank Feared.

NEW YORK, June 19.—Operations in stocks remained largely in professional hands today, although the movement of prices was somewhat freer than on earlier days of the week, and at the expense of values. Professional traders professed political motives for their selling of stocks, pointing to the anti-injunction plank of the Republican platform as a matter for disquietude to holders of securities, and the likelihood of the campaign discussion taking a tone of aggression on corporations was also dwelt upon.

The motive of the buying yesterday was an assumption that with the Republican nominations out of the way some general demand for stocks would ensue. London adopted this supposition and started prices of American securities higher today. This expected demand did not develop and disappointed professional buyers of yesterday were sellers in consequence. News of the closing of a Philadelphia trust company was accorded a significance which the dimensions of the failure seemed not to warrant.

With the news of the arrival in this country of the head of the banking firm which is purchasing maturing coupons on Erie railroad bonds, the troubled affairs of that property were brought into notice again and rumors circulated that a thorough reorganization of its finances was in contemplation. A bad sentimental effect was produced by another sag in the price of Union Pacific refunding bonds "when issued." The resistance of these bonds at ⅛ below the subscription price has given the impression that they were pegged at that price, which is 95½. Today they sold at 95¼. In connection with reports from bond dealers that the investment demand generally for bonds has died out, this incident was of influence.

Further disagreement in the iron trade over prices of bar iron and a probable open market for that product was reported. Copper metal was higher in London and there was some show of resistance to weakness in stocks connected with that industry. No more gold was engaged for export, but the exchange market was said to be affected by remittances from abroad for subscriptions to the Union Pacific bonds and further exports are looked for next week. Discount rates were higher in Paris and lower in Berlin. Money rates here showed undiminished ease. The banks have made another heavy gain in cash this week. Confidence in the continued ease of the money market is not at all impaired. Last prices of stocks were not far from the lowest of the day.

Bonds were irregular. Total sales, par value, $2,882,000. United States bonds were unchanged on call.

STRIKE IS EXPECTED

Belmont Claim Now Looks Promising to Lessees.

Special to The Gazette.

ANACONDA, Colo., June 19.—Lippert and associates, who recently secured a lease on the Belmont, a fractional claim on the southern extremity of Beacon hill, have opened up a promising-looking vein at a depth of 100 feet, and judging by the assays obtaining, a strike may be expected with any round of shots. The property is owned by Chicago parties, and has lain idle almost since patent issued.

WHEAT MARKET HEAVY

PRICES FLUCTUATE NERVOUSLY DURING DAY.

Weather Reports and Advices From Southwest Relating to Harvesting Chief Influence.

CHICAGO, June 19.—Favorable weather for harvesting in the southwest had a weakening effect today on the local wheat market, the July delivery closing at a loss of ⅜@½. Corn was ½ lower; oats were up ⅜; provisions were 5@7½ to 10c lower.

Weakness in the wheat market developed late in the day, after a period of extreme nervousness. The market opened firm on good demand by several of the leading commission houses, but an easier tone soon resulted from liberal realizing by local holders, who based their action on the absence of rain in the southwest, where harvesting is in progress. News of the day was about evenly divided, and in consequence prices fluctuated nervously until the final hour, when the sentiment became bearish and continued heavy the remainder of the day. The arrival at southwestern markets of a few cars of new wheat and a poor demand for cash wheat here helped to weaken the market late in the session. The close was weak. July opened unchanged to ⅛ higher, at 88⅛ to 88⅜, advanced to 88½ and then declined to 87⅝. The close was at 87⅝@¾. Clearances of wheat and flour were equal to 75,000 bushels. Exports for the week, as shown by Bradstreet's, were equal to 3,420,000 bushels. Primary receipts were 362,000 bushels, compared with 330,000 bushels the corresponding day a year ago. Minneapolis, Duluth and Chicago reported receipts of 138 cars, against 242 cars last week and 267 cars a year ago.

The corn market was strong almost all day, and July delivery touched a new high record mark for the season, when it sold at 70½ per bushel. The close was steady. July opened ⅛ to ⅜ higher, at 69¼ to 69⅝, advanced to 70½ and closed at 69⅝. Local receipts were 296 cars, with 28 of contract grade.

Reports of damage to the growing crop in Illinois caused strength in the oats market, prices at the high point being nearly 1c above yesterday's closing quotations. July opened unchanged, at 45⅛, sold off to 45⅛ and then advanced to 46, with the close at 45¾. Local receipts were 124 cars.

Provisions were firm at the start, because of the strength of coarse grain, but offerings became liberal later in the day, causing moderate weakness. At the close, September pork was off 10c, at $14.55; lard was 10c lower, at $8.97½; ribs were 5@7½ lower, at $8.17½.

RISING BREAST

And many other painful ailments from which most mothers suffer, can be avoided by using **Mother's Friend.** This remedy is a God-send to expectant mothers, carrying them through the critical ordeal with safety. No woman who uses **Mother's Friend** need fear the suffering incident to birth; for it robs the ordeal of its dread and insures safety to life of mother and child, leaving her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured.

Our book, "Motherhood," will be sent free by writing to [illegible]

Annual Reduction

The principal loaning plan of THE ASSURANCE SAVINGS AND LOAN ASSOCIATION is called the "Annual Reduction" plan because it provides for a stated reduction of the principal each year. It is popular because the plan is simple, the interest rate low, and the loan rapidly paid off. For further particulars apply at 105 E. Kiowa St.

BUSINESS CHANCES.

NEW IRRIGATION CO

I have beautiful lying land close to Colorado Springs that cost me less than $10 an acre. I own water in Fountain creek, flowing past this city. The earliest obtainable priority, always water when other ditches fail. The land with water put on if sufficient to cover a foot deep costs me less than $15 per acre, and is selling every day at $100 to $200 an acre.

If you have $5,000 or $10,000 to invest, I will show you how you can make $100,000 in less than six months. Absolutely safe and sure. You would not hesitate a second to exchange silver dollars for golden eagles.

If you have the money, don't let the small trouble of investigating this stand between you and fortune. P. O. Box 1261.
